### FYI

We are currently enrolling patients in three different research studies:

DRY EYE  
CATARACT SURGERY  
and  
REFRACTIVE LENS  
EXCHANGE

Email Dr. Lavoie at [tomilavoie@aol.com](mailto:tomilavoie@aol.com) or call the office at 323-0800 if you, or someone you know may be interested in our research program

Dear Friends,

Autumn is definitely in full swing and before you know it, Christmas will be here. It is a great time to think about giving the gift of better vision to a loved one. It is also a good time to consider using your Health Savings Accounts or Flexible Benefit Plan from your employer, to cover the cost of elective eye surgery, such as LASIK, Implantable Contact Lenses or Refractive Lens Exchange before the year comes to an end. We also have 12 or 24 month interest-free financing available. If you have a friend or family member interested in LASIK, have them call us at 323-0800 for a free consultation.

## ➔ FACEBOOK Problems...we need your help!

A while back, Facebook made some changes that disabled our ability to manage our original Facebook page. We are no longer able to share information or access those of you who have liked our old FB page. After months of asking every expert we know to help us with our problem, we decided to create a new FB page, namely, "Lasik New Mexico: David A Bernitsky MD". It is the same name as our old FB page except that the word "lasik" is not in capital letters.

If you are a Facebook member, **please** do us a huge favor and click on the "Like us on Facebook" link below and then, click "like" our new FB page. If you do this, we will be able to keep you better informed about what is going on in our practice as well as share articles and videos that may be of interest to you and the health of your eyes. Thank you so much for doing this for us, so that we can be of better service to you!

Last July, Drs. David and Gay Bernitsky and their daughter, Laura participated in a 7 day "Medical Ministries International" mission trip to Peru. They brought medical supplies to Peru, saw over 1,200 patients in a clinic setting and operated on nearly 100 patients (performing mostly cataract surgery). Dr. B's generosity and willingness to give back extends well beyond the borders of our community.

Have a goulish Halloween and a grateful, blessed Thanksgiving! We will catch up with you again at Christmastime! Until then, stay healthy and keep wearing those sunglasses when you are out and about during the day.

Sincerely,

David A. Bernitsky M.D.
